Summary

Highly motivated and innovative web development intern with a passion for creating dynamic and user-friendly websites. Proficient in HTML, CSS, and JavaScript, with a keen eye for design and an eagerness to learn and contribute to real-world projects. Proven ability to collaborate effectively in a team, problem-solve, and meet tight deadlines. Seeking an opportunity to leverage and expand my skills in a supportive and challenging environment.

Education

KWAME NKRUMAH UNIVERSITY OF SCIENCE AND TECHNOLOGY

B.Sc. Computer Science 2021 - Present | Kumasi - Ghana

Relevant coursework: Data Structures, Database Concepts and Technologies, Discrete Mathematics for Computer Science, E-Commerce, Elements of Economics, Human-Computer Interaction, Numerical Methods and Computation, Object-Oriented Programming with Java, Programming with C++, Systems Analysis and Design, Web-based Concepts and Development.

Skills

Hard Skills:

- Proficient in Java, C++ & web technologies like; HTML, CSS, and JavaScript
- Understanding of version control systems like Git
- Web design and user interface development
- Cross-browser compatibility and responsive design
- Debugging and problem-solving skills

Soft Skills:

- Highly detail-oriented with a strong focus on precise coding.
- Excellent communicator, skilled at collaborating with teams and clients.
- Innovative problem-solver, adept at finding creative solutions in web design and development.
- Reliable, committed to delivering high-quality results and continuously learning and growing.

Work & Leadership Experience

General Secretary | SACSU-KNUST | Nov 2022 - Present | KNUST.

As the Secretary of the Union, with a strong interest in technology, I took the initiative to design and implement a comprehensive database system. This database efficiently handles the credentials and information of all our members, ensuring easy access, seamless updates, and swift retrieval of essential data.

Customer Care Representative | All Is Well Ventures | Sept 2020 - Jan 2021 | Accra.

Provided exceptional customer service by addressing inquiries, resolving issues, and managing complaints in a courteous and efficient manner. Maintained accurate customer records and ensured support for company products and services while monitoring customer satisfaction.

4-H Club President | Junior High School | Jan 2016 – June 2017

As the 4H President, I effectively collaborated with club members, leveraging available resources to maximize our impact and achieve our goals.

Volunteer Service

Currently building "GYIDI NWOOM," a music player website exclusively for our church's songs. With a focus on accommodating varying device capacities, the platform ensures accessibility for all members. Under construction.

Projects

AMAMR3 ONLINE SHOWROOM | Amamr3 is a trendy web application that offers a selection of Nike shoes, providing direct purchase buttons for easy shopping.

MY SOCIALS My Socials is a website similar to Linktree, featuring links to all of my social media platforms in one place.

Certification

Theoretical and Practical understanding of Java | Sololearn |
